Re: Application for ESPA Board Member position

Candidate: Nicola Disma, A/Prof and Head of Unit for Research - Department of Anesthesia, Istituto Gaslini, Genova, Italy

Dear ESPA President, dear ExBo,

I know ESPA very well from within serving in the ExBo years ago. I am currently Head of the Research Unit at Gaslini Hospital, Genova, and Associate Professor. I have a good understanding of the overall ESPA organization.

Motivations:

1. The first plan is to help the Board and ESPA to be innovative and dynamic, reacting quickly to constructive proposals from members
2. I am heavily involved in various international initiatives, like Safetots.org, and I have an active role in worldwide initiatives. This makes me easy to interact and intervene in large European and non-European initiatives.
3. My research and academic backgrounds are highlighted in my CV. However, being Board Member means providing expertise and knowledge, but also political and social experience. I have shown my enthusiasm in many occasions, my strong commitment with ESPA, but also my ability to be diplomatic and charismatic. I will bring all my energy into the ESPA Board, if nominated.
4. Gender equity, AI and Research, support for low- and medium-income countries, sustainability: some upcoming challenges but also opportunities for attracting funding from EU. This is the time to prepare for the next generation of anaesthesiologists and intensivists under the ESPA guidance.

Genova, 14-10-2025

Nicola Disma
