

## **Maquet Interactive Symposium**

**Topic:** Best practice of mechanical ventilation during neonatal and pediatric anesthesia

**Speaker:** Dr. Javier Garcia, MD, PhD, MBA, from Madrid, Spain

**Date:** Friday, September 19, 2014

**Place:** Zenit Room (Lecture Room 2)

**Time:** 13:00 – 14:00

**ESPA Symposium chairman:** Prof. Karel Cvachovec, Prague, Czech Republic

The symposium will consist of a brief lecture on the challenges and importance of ventilation of neonatal and pediatric patient groups during anesthesia, and thereafter move into the “workshop” part to visualize practical examples on the MAQUET FLOW-i® anesthesia machine.
