

**Posterwalk - The 10 best posters / Friday, September 30****13:30-14:30****Chair:** Laszlo Vutkits

ID	Surname	First name	Title
0016	Stucki	Franziska	High-flow nasal cannula therapy substantially prolonged apnea time in laryngeal laser surgery
0037	Zuluaga	Marisol	Ten-Year Pediatric Liver Transplantation Experience in Medellin, Colombia: A Perioperative Management Descriptive Study
0051	Lauritsen	Torsten	Web based learning in paediatric anaesthesia
0071	Martynov	Leonid	BRONCHIAL BLOCKERS IN PEDIATRIC THORACIC SURGICAL ONCOLOGY
0076	Pilkington	Nicola	Thirsty? Allowing Children Clear Fluids One Hour Before General Anaesthesia
0082	Stevic	Marija	TRAUMATIC LIVER INJURIES IN CHILDREN
0083	Budic	Ivana	ACUTE PANCREATITIS IN PEDIATRIC INTENSIVE CARE UNIT
0084	Pilkington	Nicola	Improving Care For Children Undergoing Emergency Appendicectomy - A Regional Network Solution.
0085	Talbot	Laura	Post-thoracotomy Analgesia - an Audit of Clinical Practice
0097	Atalay	Yunus Oktay	Nasogastric tube placement confirmation with radiography or sonography in neonatal intensive care patients: Preliminary results of a pilot study

**Posterwalk I / Friday, September 30****11:00-12:30****Chair:** Thomas Engelhardt**Category:** 10. Case Reports

ID	Surname	First name	Title
0004	Furtado	Inês	Challenges in perioperative optimization of coagulation in rare diseases – Klippel-Trenaunay Syndrome
0007	MARTINEZ-RAFAEL	BEATRIZ	ANESTHESIA FOR A PEDIATRIC PATIENT UNDERGOING CRANIOSPINAL RADIATION THERAPY
0009	POVES-ALVAREZ	RODRIGO	AIRTRAQ in a tracheostomized patient with Pierre-Robin Syndrome
0011	López-Torres López	Jaime	ANESTHETIC MANAGEMENT OF A CONGENITAL CENTRAL HYPOVENTILATION SÍNDROME CASE
0027	GULLEROGLU	AYKAN	Anesthetic management of a pediatric patient with Maple Syrup Urine Disease
0030	Mer	Stephanie	Pycnodisostosis - A Pediatric Case Report
0032	Ozlu	Onur	Ketamine anesthesia with prone position on traumatic children. Simple solution for chaotic scenarios: A Case report
0042	Gülleroglu	Aykan	The Anesthetic Management of a 15-year-old patient with Insulinoma
0045	Gulleroglu	Aykan	A Surviving paediatric case of traumatic metallic bar penetration through the lumbodorsal region
0049	Jordanovska Guceva	Natali	Anesthetic Management of a Child with Bilateral Pulmonary Hydatid Cysts
0053	Gulleroglu	Aykan	Perianesthetic management of congenital Cutis Laxa Syndrome
0054	Burmuzoska	Marjana	RHABDOMYOSARCOMA IN THE MEDIASTINUM, IS AUTOPULMECTOMY INDICATION FOR SURGERY: CASE REPORT

0055	Jovanovski-Srceva	Marija	"DO YOU WANT TO BECOME A MILLIONERE" QUIZ FOR ANESTHESIOLOGISTS?
0057	Fernandes	Ana Luísa	Reversal of neuromuscular blockade with Sugammadex in infants
0061	Dukić Ćurčija	Dragana	Anesthesia and Prader-Willi Syndrome: Report of Two cases
0064	Vasiljevic	Sladjana	Anesthetic management of child with fetal alcohol syndrome: a case report
0072	Vasiljevic	Sladjana	Anesthetic management of a patient with large head and neck venous malformation
0098	Mierzewska-Schmidt	Magdalena	Anaesthesia for diagnostic procedures: risk-benefit ratio for a patient. What is the role of an anaesthetist in qualification? A case of the patient with Goldenhar syndrome scheduled for MRI.
0104	Sampaio	João	The hand that replaces the ventilator - the Anaesthetic challenge in a premature child with Necrotizing Enterocolitis
0105	Sampaio	João	When everything goes wrong - Case Report

### Posterwalk II / Friday, September 30

11:00-12:30

**Chair:** Ivana Budic

**Categories:** 2. Circulation  
3. Airways and Lungs  
11. Cardiothoracic Anaesthesia  
9. Fluid Management and Transfusion  
5. Drugs and Pharmacology

ID	Surname	First name	Title
0020	Benenati	Vincenzo	Changes on carotid flow due to laryngeal mask airway cuff inflation in pediatric patients during the induction of general anesthesia.
0029	Vuletic	Sonja	Ultrasound guided brachiocephalic vein cannulation in children - first experience
0101	Ioannou	Ioannis	Incidence of Preoperative Anaemia in the Paediatric Population   Ioannou, D de Beer

0005	Furtado	Inês	Iatrogenic subglottic stenosis in the neonatal period – anaesthetic approach of a difficult airway
0021	Benenati	Vincenzo	Evaluation of Airtraq for endotracheal intubation in pediatric patients suffering from difficult airway management
0050	Baranowski	Artur	Self-made nCPAP circuit - a cheap and effective alternative to sophisticated devices used for treatment of neonates and infants with respiratory failure. A solution for low resource countries?
0066	Marjanović	Vesna	Post extubation negative pressure pulmonary edema in an infant: a case report
0074	Petrov	Ivana	Late diagnosis and surgical treatment of bronchial bean aspiration - case report
0086	Gulleroglu	Aykan	Airway Management of a Newborn with an Occipital Encephalocele
0091	Kipri	Meltem	The use of flexible laryngeal mask airway for adenoidectomies: an experience of 814 paediatric patients
0095	Kikas	Reet	Respiratory distress due to laryngeal cleft in neonates with midline defects: report of two cases.

0106	Sampaio	João	A predictable difficult airway approach - What should we do?
0102	BILAJ -MIRAKA	MARJETA	Anesthetic challenge of children with anterior mediastinal masses (AMM). A report of 2 cases and review of literature
0025	López-Torres López	Jaime	Goal directed therapy in high risk pediatric surgery
0078	OWUSU-AGYEMANG	PASCAL	Investigating the Association between Perioperative Blood Transfusions and Outcomes in Children undergoing Cytoreductive Surgery with Hyperthermic Intraperitoneal Chemotherapy
0018	Ozlu	Onur	EVALUATING OF MIDDLE EAR PRESSURE CHANGES IN CHILDREN UNDERGOING CIRCUMCISION OPERATION UNDER KETAMINE ANESTHESIA
0022	Benenati	Vincenzo	Remifentanyl infusion and fast recovery during sevoflurane anesthesia in pediatric patients
0062	Stead	Amy	Reducing Pain on Propofol Injection – Propofobia! A literature search and survey looking at the published evidence and people’s practice.
0087	Cheung	Jenny ML	Survey of paediatric peri-operative prescribing amongst anaesthetists in a district general hospital: dosing according to age or weight?

**Posterwalk III / Friday, September 30**  
**14:30-16:00**

**Chair:** Mark Thomas

**Categories:** 8. Safety, Complications and Outcome  
7. Education and Training  
13. Syndromic and Metabolic Diseases

ID	Surname	First name	Title
0003	Archilla	Carlos	Emergence agitation in pediatric patients following Desflurane or Sevoflurane anesthesia after Sevoflurane inhaled induction for ambulatory adenoidectomy and/or tonsillectomy surgery.
0006	Worley	Emma	Sedation and analgesia for retinopathy of prematurity in a tertiary NICU.
0017	Stendall	Catalina	GOS Pre-operative assessment clinic: a patient’s perspective
0043	Balachandran	Santosh	World SIVA adverse event reporting tool in paediatric out-of-theatre procedural sedation - A quality monitoring cum service reconfiguring tool
0044	Wammes	Emily	Comparing anesthetic maintenance agents in pediatric cochlear implantation surgery
0048	Dolci	Mirko	Side effects after anaesthesia for outpatient procedure in children: do we focus on the right target?
0063	Furtado	Inês	Adenotonsillectomy in the paediatric outpatient, is it really safe? Our 5 year experience in the ambulatory unit
0077	Andersson	Hanna	Reduced risk of prolonged fasting when applying the 6-4-0 fasting regime
0103	Baranowski	Artur	The malice of inanimate objects - the life of the cannula. A case report.

<b>0107</b>	Mehta	Sonia	Gorillas in Our Midst, Black Dots Gone Viral, and the Blatantly Obvious: What Else Might We Miss? What a Pediatric Anesthesiologist Needs to Know about Abuse and Signals for Help
<b>0109</b>	Kanaparthi	Sri Smitha	A Case of Severe Scoliosis with Pulmonary Hypertension: Who's in charge of my heart?

<b>0041</b>	Aghnatiou	Naamatallah	Patients' perception of anesthesiologists in Lebanese hospitals
<b>0100</b>	Atalay	Yunus Oktay	The effectiveness of computer-based training in anaesthesiology education: A preliminary study evaluating simulation methods

<b>0047</b>	Ramanathan	Vaidyanathan	Assessment of the laryngeal mask airway position in MRI images in children with mucopolysaccharidosis
-------------	------------	--------------	---

### Posterwalk IV / Friday, September 30

14:30-16:00

**Chair:** Biljana Draskovic

**Categories:** 1. Pain and Regional Anaesthesia  
12. Trauma and Paediatric Emergencies

ID	Surname	First name	Title
<b>0008</b>	Lyons	Mark	An audit of consent for regional analgesia at a tertiary children's hospital in the United Kingdom
<b>0019</b>	Greenaway	Sarah	The efficacy of intrathecal diamorphine for reducing post operative pain scores in adolescents presenting for scoliosis surgery: A retrospective study
<b>0038</b>	Beeckman	Sandrine	What is the agreement between nurses and parents as to pain scores for toddlers?
<b>0040</b>	Oliveira	Mariana	Anesthetic management of pectus excavatum repair in children: a single centre experience
<b>0065</b>	Marjanović	Vesna	A comparison of three different volumes of levobupivacaine for caudal anesthesia in children undergoing orchidopexy and inguinal hernia repair
<b>0068</b>	Lukosiene	Laura	Post-operative pain treatment with patient controlled wound infusion. A case report
<b>0073</b>	Roberts	Joanna	Recovery administration of intravenous morphine in paediatric patients: Successful implementation of a new drug chart to improve patient safety and staff satisfaction
<b>0075</b>	Cooper	Mariese	Paediatric Strabismus Post-operative Pain Audit
<b>0089</b>	Pilkington	Nicola	Getting off to sleep is the easy bit - post-operative pain at home in children, how well are we really doing?
<b>0090</b>	Staals	Lonneke	Postoperative pain after scoliosis surgery in adolescents with or without cognitive impairment.
<b>0092</b>	Kipri	Meltem	Spinal anesthesia for a 2year old child with Congenital Hyperinsulinaemic Hypoglycaemia
<b>0099</b>	Kalbowiak	Jakub	Rescue analgesia for unexpected epidural catheter failure in 10 year- old boy after pancreatic surgery.
<b>0108</b>	Mer	Stephanie	ANAL ATRESIA ANESTHETIC MANAGEMENT: 1 DAY OLD NEONATE CASE REPORT
<b>0110</b>	Foster	Brian	A Service Evaluation of Epidural Practice in a Tertiary Paediatric Hospital

<b>0024</b>	Stanković	Nikola	Neutrophil-to-lymphocyte Ratio and Neutrophil Myeloperoxidase Index in Pediatric Acute Appendicitis
<b>0088</b>	Randive	Seema	Management of asthma exacerbation in children in Emergency Department (ED)
